Gentlemen:

Your Quality Assurance Program Approval for Radioactive
Material Packages No. 0193 expires on February 28, 1990.

If you are an NRC licensee and conduct activities under the
General Licenses of Subpart C of 10 CFR Part 71, or if you
are an Agreement State licensee subject to the requirements
of 10 CFR Part 71, you are required by 10 CFR Part 150.20
to hold a quality assurance (QA) program approved by the
Commission as satisfying the provisions of Subpart H of 10 CFR
Part 71. You should request renewal of your quality assurance
program at least 30 days prior to the expiration date. This
will provide for continuation of your QA program to satisfy
part of the provisions of Subpart C of 10 CFR Part 71 until a
final determination has been taken on your application.

Unless an exemption is provided by 10 CFR 170.11, an appli-
cation fee of \$150.00, as required by 10 CFR Part 170.31,
should be included with your request for renewal. This notice
of expiration should not be construed that such notice will be
provided in the future. If you do not desire to renew your QA
program, please let me know.

Sincerely,
Original Signed by
