Dear Linda,

Enclosed, please find Kenneth Swanson's letter about the accident.

I was please with the way our employees handled this accident.

The first thing the Highway Partoll trooper ask for was the shipping papers and Don Avila handed them to them immediately and Kenneth ask to see his radiation report and it was proper.

Kenneth managed the accident very well. He is having a radiation safety meeting next saturday and the accident will be discussed pointing out things that could have happened had we not operated in accordance with the regulations.

I do have 1/3 of my work force involved in implementing our safety program.

If you need anything please call.

Wishing you the best,

Beverly Ozman
