

January 3, 1990

Docket No. 50-443

Mr. Edward A. Brown  
President and Chief Executive Officer  
New Hampshire Yankee Division  
Public Service Company of New Hampshire  
Post Office Box 300  
Seabrook, New Hampshire 03874

Dear Mr. Brown:

SUBJECT: INSERVICE TEST PROGRAM (IST) REVISION 1, CHANGES

By letter dated October 30, 1989, you submitted proposed changes to the Seabrook inservice testing (IST) program including a one-time relief request for eight recently repaired safety injection (SI) check valves. The original IST program was reviewed and approved by the staff in the Seabrook SSER No.6 dated October 1986. The staff has reviewed the IST program changes which are primarily a result of system modifications to the Residual Heat Removal (RHR) and Containment Building Spray (CBS) systems.

In accordance with the enclosed Safety Evaluation, the staff finds per 10 CFR 50.55a(g)(6)(i) that the one-time partial relief from the post-maintenance test of the ASME Code Section XI, 1WV-3200, as requested by your December 27, 1989, letter is acceptable and therefore granted.

Sincerely,

Original signed by:

Victor Nerses, Project Manager  
Project Directorate 1-3  
Division of Reactor Projects 1/11  
Office of Nuclear Reactor Regulation

Enclosure:  
As stated
