

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

January 10, 1990

Docket No. 50-334  
and 50-412

MEMORANDUM FOR : John F. Stolz, Director, Project Directorate I-4,  
Division of Reactor Projects I/II

FROM : Peter S. Tam, Senior Project Manager, Project  
Directorate I-4, Div. of Reactor Projects I/II

SUBJECT : BEAVER VALLEY POWER STATION -- CLOSEOUT OF GENERIC  
LETTER 89-10, "SAFETY-RELATED MOTOR-OPERATED VALVE  
TESTING AND SURVEILLANCE"

By letter dated December 28, 1989, the licensee responded to the subject generic letter. In its response, the licensee confirmed that it will meet the schedule and recommendations of the generic letter, and that it will provide clarifications, if any, on a timely basis.

Therefore, in accordance with instruction provided by the June 28, 1989 memorandum from James G. Partlow, the licensee is considered to have met the reporting requirements of this generic letter. It is my understanding that review and verification of program implementation will be addressed by the regional inspection process with the aide of a Temporary Instruction developed by the Mechanical Engineering Branch.

By copy of this memorandum, Region I is advised of the licensee's commitments to comply with the generic letter.

Peter S. Tam, Senior Project Manager  
Project Directorate I-4  
Division of Reactor Projects I/II
