Dear Ms. Nichols:

Enclosed is Check No. 5094 (\$460) which accompanied your August 29, 1988 application for a materials license to possess watches to which luminous paint has been applied. An application for a license to possess and distribute watches containing tritium-activated paint is subject to an application fee of \$290 as specified in fee category 31 of §170.31, 10 CFR 170, copy enclosed. Therefore, we have retained Check No. 5095, which accompanied your August 29, 1988 application for a license to distribute the watches, in payment of the required \$290 fee.

We have forwarded your applications to the Licensing staff for processing. They have advised us that they will consider the issuance of a single license to authorize both possession and distribution of the watches.

If you have any questions concerning this matter, please let us know.

Sincerely,

Signed by:
Glenda Jackson
