RE: "Standard Format and Content for Decommissioning Plans for Nuclear Reactors" DG-1005

"Records Important for Decommissioning of Nuclear Reactors" DG-1006

Dear Sirs:

In September of 1989 the Nuclear Regulatory Commission (NRC) published the above referenced Regulatory Guides for public comment. Draft Regulatory Guides (DG 1005 & DG 1006) have been reviewed. The Florida Power & Light Company (FPL) finds them to be both useful and readily usable and supports publication of the guides basically as written.

Very truly yours,
