Dr. John E. Glenn, Chief
Nuclear Materials Safety Section B
Div. of Radiation Safety and Safeguards
631 Park Avenue
King of Prussia, PA 19406

Dear Dr. Glenn:

Reference is made to license number 29-07694-01, docket number 030-05337.

Condition #10 of the current license allows for use of licensed material only at the licensee's Agricultural Research Division, Quaker Bridge and Clarksville Roads, Clarksville, New Jersey.

The American Cyanamid Company's Agricultural Research Division has a vigorous on-site expansion program ongoing. In order to accommodate personnel in the interim, it has been necessary for the Division to lease additional research space. The leased facility is located at 4100 Quaker Bridge Road, Princeton, New Jersey 08540. We are expecting our lease to run for a couple of years..

Some of the transferred personnel will be radiolabeled isotope users and the number of users is expected not to exceed 30-35 persons.

Since the current license only permits use of licensed material at the Quaker Bridge and Clarksville Roads address, we are requesting that Condition #10 be amended to allow for receipt and use of licensed material in the leased facility located at 4100 Quaker Bridge Road, Princeton, New Jersey 08540. All other conditions of our current license shall remain unchanged.

Enclosed is Cyanamid's check in the amount of \$120.00 to cover the amendment fee.

If further information is required, please contact the writer.

Sincerely,

Melvin C. Johnson
Melvin C. Johnson, Ph.D.
Manager, Health & Safety Affairs
