Dear Sir:

Per my conversation with Judy Joustra on January 6, I was informed that a formal application was not necessary for renewal of our present NRC Material License No. 06-15099-02 Docket No. 030-19430. I have enclosed per her instruction a copy of our original license along with all approved amendments that were made over the past 5 years.

Our only change to our present license is in our name. Effective January 1, 1988 we began to use the name MetPath-New England in association with new ownership by MetPath, Inc., Teterboro, NJ. This name change does not indicate any procedural changes to our previous documentation. We would like the renewed license to reflect this name change to MetPath-New England also.

I have enclosed a renewal check for \$120.00. If there is any further information I can supply to complete this renewal process, please contact me at 203-224-1600.

I appreciate your assistance in expediting this matter.
