Gentlemen:

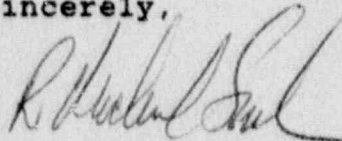

This letter is in regards to the Materials License No. 20-20783-01 Docket or Reference No. 030-22069 issued to T Cell Sciences, Inc.

We are asking to amend the license as follows:

We wish to designate Gerald R. Carson as the Radiation Safety Officer effective immediately. Due to a change in position, Dr. R. Michael Snider will be unable to continue in this capacity. Mr. Carson's formal training in radionuclide use is attached.

As per our application and license, we continue to routinely monitor radioactivity in areas of radionuclide use. In addition our consultants on radiation safety, Bolton and Galanek, Inc. are providing independent wipe tests, thyroid monitoring and instrument calibration.

Sincerely,

R. Michael Snider, Ph.D.
