RE: License #20-14809-01
Inspection #030-08086/87-001

Attention: Josephine M. Piccone, Ph.D.

Dear Dr. Piccone:

Thank you for your letter dated 6/1/88 reminding us that requests for amendments to our materials license must be accompanied by the proper fees. Neglecting to include \$120 per requested amendment was an oversight.

As stated in our letter to the NRC dated April 6, 1988, we request that our license be amended to increase the amounts of phosphorus 32 and sulfur 35 which we may possess at one time from ten millicuries each to thirty millicuries each. We also request that our license be amended to substitute running inventories of licensed material with semi-annual inventories.

A check for \$360 (3x\$120) is included.

Thank you for your consideration.
