Josephine M. Piccone, Phd.

This letter is to request an amendment for license # 37-17364-01. We are requesting permission to store sealed sources only. The Hospital is in the process of possibly closing. There is no radioactive material in the Hospital except for the sealed sources. The R.S.O. and Physicians licensed to use such material are no longer at the Hospital.

Mrs. Barbara LaPorte, will be the R.S.O. responsible for the sealed sources. She will also be responsible for contacting the N.R.C. requesting termination of license # 37-17364-01.

In the event the Hospital should remain open and patients are re-admitted no Nuclear Radiation studies will be performed until the N.R.C. has approved the reinstatement of licensed Physicians to use such materials.

Sincerely,

David Keating
