Gentlemen:

NRC License 37-16651-03
Amendment Request

The Chester Engineers is applying to amend their NRC License. Although The Chester Engineers Corporate Office will remain at 845 Fourth Avenue, Coraopolis, PA 15108, the Laboratory (ChesterLab) has moved to:

4990 Grand Avenue
Pittsburgh, PA 15225

Besides the change of address, the Laboratory will, in addition to the licensed Tracor gas chromatograph, add one additional gas chromatograph for sample analyses. The new gas chromatograph contains a sealed nickel 63 detector cell and is in:

Perkin Elmer Gas Chromatograph
Model 8500
(Foil do not exceed 15 millicuries per foil)

In addition to the above changes, The Chester Engineers has purchased Keystone Environmental Resources. The instruments in the Keystone Monroeville Laboratory should be included in The Chester Engineers license. The instruments are four gas chromatographs used for sample analyses.
