Dear Mr. MacDonald:

General Atomics* (GA) holds a valid Certificate of Compliance No. 9037 for a shipping package, Model No. TRIGA-1, with an expiration date of February 28, 1990.

GA anticipates continued need of this package for the transport of radioactive materials for the next several years, pursuant to 10 CFR 71. Accordingly, we request a new expiration date of February 28, 1995.

Attached is a check in the amount of \$150 covering the renewal fees prescribed in 10 CFR 170.31.

We look forward to the issuance of a revised Certificate of Compliance giving a new expiration date of February 28, 1995. Should you have any questions, please call me at (619) 455-2823.

Very truly yours,
