Reactor Operator Licenses

Dear Mr. Martin:

Attached is a listing of individuals currently included in the U.S. Nuclear Regulatory Commission Operator Licensing Tracking System who no longer require reactor operator licenses at Waterford 3 SES. The changes in license requirement status were due to a change in personnel job assignment in one case and personnel leaving the employ of the company in the remaining cases.

If you have any questions concerning the above, please contact Mr. C. J. Toth at (504) 739-6000.

Very truly yours,
