SUMMARY

The purpose of the meeting was to discuss the transfer of Amax Inc., West Virginia, site to the Department of Energy (DOE) under 151C of the National Waste Policy Act. It was agreed that the following additional information is required of Amax in order to complete the transfer of the 15 acre site to DOE:

1. The total amount of money Amax will allocate for perpetual maintenance of the site.
2. A copy of the agreement between Amax and the State of West Virginia's Department of Health in monitoring the site.

In addition, NRC will provide DOE with background documents of the waste disposal cell's, contents, construction, etc. After DOE has reviewed the above mentioned documents, DOE and NRC will meet to discuss the transfer.
