

NOTICE OF VIOLATION

St. Alexis Hospital
5163 Broadway
Cleveland, OH 44127

License No. 34-05582-01

As a result of the inspection conducted on January 11, 1990, and in accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, (1989) (Enforcement Policy) the following violation was identified:

License Condition 19 states that this license is based on the licensee's statements and representations contained in the application dated September 8, 1987.

Item 15 of the license application states that Appendix G of Regulatory Guide 10.8, Revision 1, will be used for instruction in the safe use of radioactive material.

Appendix G requires that TLD finger badges be worn during the injection of radiopharmaceuticals.

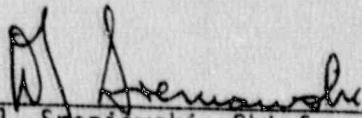

Contrary to the above, during the course of this inspection on January 10, 1990, a technician was observed injecting a patient with a radiopharmaceutical without wearing her TLD finger badge.

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each violation: (1) the corrective steps that have been taken and the results achieved; (2) the corrective steps that will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Consideration may be given to extending your response time for good cause shown.
