Dear Mr. Winslow:

This letter is in regard to your letter, with attachments, dated November 20, 1989 whereby you submitted a revision to your currently approved Fundamental Nuclear Material Control (FNMC) Plan. One of the attachments consisted of a revised FNMC Plan page (7.4, revision 2) dated November 20, 1989 provided for under the provisions of 10 CFR 70.32(c).

We have determined that the commitment to perform gross weight shipper-receiver comparison when receiving UF₆ from a domestic NRC licensee is acceptable in that it is consistent with regulatory requirements and meets the intent of regulatory guidelines and standards. Accordingly, License Condition 1.1 to Safeguards Amendment SG-2 to your License No. SNM-1097 is hereby revised, effective upon receipt of this letter, to read as follows:

- 1.1 The licensee shall follow Sections 1.0 through 9.0 of its Fundamental Nuclear Materials Control Plan dated December 16, 1987 - designated as Revision 0; as revised by the "Revisions By Page" - Revision 9 dated November 20, 1989 (Page 1 of the FNMC Plan) and as may be revised in accordance with, and pursuant to, the provisions of either 10 CFR 70.34 or 70.32(c).

We have determined that the attachments to your letter dated November 20, 1989 contain information of the type specified in 10 CFR 2.790(d). Accordingly, pursuant to Section 2.790(d)(1), such information is deemed to be commercial or financial within the meaning of 10 CFR 9.17(a)(4) and shall be withheld from public disclosure unless subject to the provisions of 10 CFR 9.23.

Sincerely,

Original Signed by

D. J. Kasun
Donald J. Kasun, Acting Chief
