Docket No. 50-344

Portland General Electric Company
121 S. W. Salmon Street, TB-17
Portland, Oregon 97204

Attention: Mr. David W. Cockfield
Vice President, Nuclear

SUBJECT: AMENDMENT 19 TO THE TROJAN RADIOLOGICAL EMERGENCY PLAN

We have completed a review of Amendment 19 to the Trojan Radiological Emergency Plan submitted under cover letter RMN-435-89, dated October 20, 1989, in accordance with the provisions of 10 CFR 50.54(q).

The results of our review were discussed during a telephone conversation on January 24, 1990, between Ms G. Good of my staff and Messrs. J. Thale and F. Jones of your staff. It is my understanding that most of the issues discussed were minor in nature and that there were no areas in need of immediate change. However, during our review, we identified one issue that will require further review. This issue involved the time requirements for notifying the States of Oregon and Washington. Your plan provides for the Counties to be notified within 15 minutes, while the States are notified within 30 minutes. The Region recognizes that the notification times have not been changed as a result of Amendment 19. The Region intends to pursue this matter further and will track this issue as open item GG-TR-01.

Our review indicates that your plan, as changed, continues to meet the standards in 10 CFR 50.47(b) and the requirements of 10 CFR Part 50, Appendix E.

Sincerely,

G. P. Yuhas, Chief
Emergency Preparedness and
Radiological Protection Branch
