(Project M-39)  
2) NUHOMS®-24P Topical Report, NUH-002, Revision 1A  
(Project M-49)

Dear Mr. Roberts:

In October 1988, Pacific Nuclear Systems, Inc. (PNSI) acquired NUTECH, Inc. and NUTECH became a wholly-owned subsidiary of PNSI.

In August 1989, while continuing to maintain NUTECH as a subsidiary, PNSI established Pacific Nuclear Fuel Services, Inc. as a new subsidiary to focus the company's activities in the spent fuel services marketplace. Pacific Nuclear Fuel Services, Inc. has assumed responsibility for the NUHOMS® spent fuel storage system.

Please address any future correspondence related to the reference topical reports to:

Mr. William J. McConaghy  
Vice President  
Pacific Nuclear Fuel Services, Inc.  
145 Martinvale Lane  
San Jose, CA 95119

Very truly yours,

W. J. McConaghy, P.E.  
Vice President  
Waste Management Business Unit
