Mr. Carlton E. Thorne, Director
Office of Nuclear Export Control
Bureau of Oceans and International
Environmental and Scientific Affairs
U.S. Department of State
Washington, D.C. 20520

Dear Mr. Thorne:

This is in reference to a letter to you dated January 12, 1990, from
C. N. (Mike) Smith of this office regarding export license application
XSNM02495. Enclosed is an amendment to this license application to add as
"Intermediate Consignee,"

COGEMA
BP-4
F-78141 Velizy, France

"For conversion of UF6 to metal"

A.E.A. Technology
Dounreay, Scotland

"To fabricate fuel elements for use as fuel in the BR-2 reactor."

In addition, we are asked to change the "intermediate end use" of CERCA to,
"For fabrication of fuel elements," rather than, "For conversion and
fabrication of fuel elements."

All other conditions remain unchanged.

Please consider this additional information in considering the original
application, in accordance with established procedures and from the overall
perspective of the Executive Branch, as to whether the proposed export meets
the applicable criteria in the Atomic Energy Act of 1954 as amended by the
Nuclear Non-proliferation Act of 1978.

Sincerely,

Marvin R. Peterson, Assistant Director
International Security, Exports,
and Material Safety
International Programs
Office of Governmental and Public Affairs
