SUBJECT: CATEGORICAL EXCLUSION FOR AMENDMENT REQUEST DATED
NOVEMBER 7, 1989

By letter dated November 7, 1989, SFC requested an amendment to License No. SUB-1010 to revise the treated raffinate fertilizer program requirements. Most of the revisions are for the sampling program. These changes will not adversely effect the public health and safety or the environment. The revised sampling program will provide sufficient information to evaluate the effects of continued treated raffinate application. Accordingly, pursuant to 10 CFR 51.22(c)(11), neither an Environmental Assessment nor an Environmental Impact Statement is warranted for the proposed action.
