RE: N.R.C. License No. 48-10966-03

Dear Sir:

Please amend our N.R.C. License No. 48-10966-03 to possess up to 350 kg. of depleted Uranium (U-235) instead of the current possession limit of 91 kg. Depleted uranium will be used for shielding in our accelerators.

Enclosed is a check for \$120.00 to cover the license amendment fee. If you have any questions, please call me at (715) 387-7637.

Thank you.

Sincerely,

ROBERT E. PETERSON, JR.  
Radiation Safety Officer
