Dear Sir,

As a staunchly conservative Republican, quite frankly, I am shocked and distressed that you are about to reduce the standards for shipping plutonium over Alaska. Senator Muskowski's standard was marginal enough without subtracting further from it. One, in fact, would have thought you would have increased it. For as the Prince William Sound oil spill, once again, has so tragically proven in our complex society: what can go wrong will go wrong.

I beseege and pray that you wise up. At the very least maintain Muskowski's standard.

Sincerely,

Jim O'Leary
