**Homer Boat Watch**

OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

2-7-90

To whom it may concern:  
Nuclear Regulatory Commission.

I live in Alaska and would like to testify that I support Senator Murkowski's amendments and standards regarding plutonium transportation over our state.

I do not like the proposal, and do not favor the idea to substitute the IAEA transportation standards for plutonium flights over Alaska.

Sincerely,  
Dennis Speck
