March, 1988 - Mercury, Nevada. American
Peace Test Non-Violent Civil Disobedience Action
to Reclaim the Test Site.
The Princesses of Plutonium invite you to join
with them in protesting the continued testing of
nuclear weapons.

To Whom It May Concern:

I support Sen. Murkowski's
standards for air transport of
plutonium over U.S airspace (NUREG
0360).

I cannot understand why we
are being asked to accept the
very lax IAEA standard.

Please protect all Americans by
retaining Sen. Murkowski's standard.
