Gentlemen:

Subject: Enforcement Conference Report No. 030-06195/90-001

This letter refers to the Enforcement Conference held at the NRC Regional Office in King of Prussia, Pennsylvania on January 3, 1990 relating to activities conducted under your NRC license. The meeting was attended by you and members of your staff and by members of the NRC staff. It is our view that this meeting was beneficial and improved our understanding of your actions and allowed us to express our concerns regarding the apparent radiation skin dose to an individual in excess of regulatory limits, weakness in the management control over your radiation safety program and another violation identified in the recent inspection. The subjects discussed at this meeting are described in the enclosed Enforcement Conference Report. Our decision regarding enforcement action will be transmitted to you in future correspondence.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the Public Document Room.

No reply to this letter is required. Your cooperation with us in this matter is appreciated.

Sincerely,
