Gentlemen:

Enclosed is the latest revision of our Quality Assurance program for Procurement, Use, Maintenance, Repair, Shipping and Transport of NRC Approved Packages for Radioactive Materials. We are hereby requesting renewal of your approval of the program, which expires on March 31, 1990.

The original program approved in 1985 has worked well and no incidents have occurred in transfer, handling, or shipping of teletherapy sources. Please note that our address has changed, as indicated in the letterhead.

We shall appreciate your renewal by the expiration date.

Sincerely,  
Therapy Services Incorporated
