ACT REQUEST

FOIA-89-376
Rec'd 8-28-89

Re: FOIA Request 189-266
Re: Kerr-McGee, etc., et al.
Our File No. 10350-023

Dear Mr. Lavins:

I received the package of documents you sent pursuant to the above request. I was surprised to find that so few documents fulfilled that request. Upon consulting with my colleague John Pfeifer who, as you recall, was present during our telephone discussion regarding our FOIA requests to your agency, we concluded that there had been a misunderstanding about the scope of the request, which we believe was much broader than what was actually fulfilled.

As a result, in order to eliminate any further misunderstandings, I am making another FOIA request to include all documents after 1970 not in the NRC Public Document Room and which refer or relate to any of the following entities and their connection with the thorium milling facility in West Chicago, Illinois: Kerr-McGee Corporation, Kerr-McGee Chemical Corporation, American Potash and Chemical Corporation and/or the Lindsay Light Company.

Moreover, inasmuch as there may be some duplication between the documents fulfilling this request and those already in our possession, we request
