Dear Ms. Stein:

This is in response to your letter dated January 15, 1990, to A. Bert Davis questioning whether a Commissioners' Briefing was held in the past few months. I assume your question relates to the type of briefing that was held on June 1, 1989 in which AMS activities were discussed.

No similar briefings have been held since June 1, 1989. In the past, the Commission has been briefed following the periodic agency Senior Managers' Meeting. That meeting was just completed on January 23, 1990. As discussed in a telephone conversation on February 13, 1990 between you and Dr. Bruce Mallett of my staff, a Commissioners' Briefing, including a discussion of AMS is scheduled for Thursday, February 15, 1990. If possible, we will send you a copy of the portion of the Briefing's transcript pertinent to the AMS discussion.

Sincerely,

Bruce J. Mallett for

Charles E. Norelius, Director
Division of Radiation Safety
and Safeguards
