Docket No. 50-254
Docket No. 50-265

Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Senior Vice President
Post Office Box 767
Chicago, IL 60690

Gentlemen:

On December 4, 1989, a Notice of Violation was issued for a violation identified during an NRC inspection conducted from September 24 through November 4, 1989, Report Nos. 50-254/89022 and 50-265/89022. Commonwealth Edison Company (CECo) responded to the Notice on January 10, 1990. It is Commonwealth Edison's position that Example (f) of the violation was in compliance with code and procedure requirements. Based on further discussion during a conference call on January 29, 1990, between the licensee and NRC staffs, we resolved a discrepancy between the NRC and CECo interpretations of the procedure. The NRC withdraws Example (f) of the violation.

If you have any questions regarding this issue, please direct them to Julian Hinds (790-5575) of this office.

Sincerely,
