Gentlemen:

In response to your letter dated January 10, 1990, and your phone conversation with Patricia Pelke on February 9, 1990, please find the enclosed NRC Form 483. Please complete and submit Form 483 for "Preferred Laboratories" with the appropriate address to: Office of Nuclear Material Safety and Safeguards, ATTN: Material Licensing Branch, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.

We have also enclosed a copy of 10 CFR Part 31 for your review. Please pay particular attention to 31.11(e) concerning changes.

Failure to conduct your program in accordance with NRC regulations will result in enforcement action against you in accordance with the General Policy and Procedures for NRC Enforcement Actions, 10 CFR Part 2, Appendix C.

If you have any questions or require clarification of any of the above stated information, contact us at (708)790-5625.

Sincerely,

Robert G. Gattone, Jr.

SUBJECT Letter dtd 1/10/90

SUMMARY

I called to clarify info. that was submitted in above referenced letter.

Ms. Wilson indicated the following:

①. The 2 labs that have merged perform in-vitro studies only under NRC Form 483 registration.

②. She contacted our office re. this merge and was given the lic no. of Oakland Mag. Diag. Ctr. - not communicated clearly as to that the 2 facilities involved operate under general licenses.

I explained to Ms. Wilson that since no specific NRC license is involved, she didn't need to notify our office. Should submit a new 483 under new name "Primer Laboratory". I will

send letter re: our conversation along w/ a new Form 483. Advise requirements of 31.11(e).
