Dear Mr. Tremblay:

SUBJECT: TOPICAL REPORTS YAEC-1693 AND YAEC-1694 - VERMONT YANKEE NUCLEAR
POWER STATION

By letter dated December 11, 1989 we issued our Safety Evaluations of our
Topical Reports YAEC-1693 and YAEC-1694 which contained your SLICK and 1-D
Kinetics programs. We provided administrative guidance concerning your
reissuance of these Topical Reports to indicate they have been approved by the
NRC.

However, you submitted a Revision 1 to YAEC-1693, dated November 30, 1989
which arrived here after our December 11 letter was issued. Revision 1 does
not affect the conclusions of our December 11, 1989 Safety Evaluation but it
does affect the administrative guidance we provided you concerning reissuance
of reports to reflect NRC approval. Therefore, we are sending this letter to
inform you that we have received YAEC-1693, Revision 1 and that you should
proceed with reissuance of both Topical Reports using a reference to YAEC-1693,
Revision 1, rather than to YAEC-1693 as stated in our December 11 letter.

Sincerely,

15/

Morton B. Fairtile, Project Manager
Project Directorate 1-3
Division of Reactor Projects - I/II
Office of Nuclear Reactor Regulation
