Docketing and Service Branch
U.S. Nuclear Regulatory Commission
Washington DC, 20555

Dear Sirs:

I am writing to support Sen. Murkowski's
Amendment (nureg 0350) about making the container
that hold the Plutonium being flown over our state safe
because Plutonium is very dangerous and can cause
cancer. I would not want to take a chance
of losing our state

Sincerely
Brandon
Heiman
