Dear Sir:

I am writing to support Sen.  
MURKOWSKI'S Amendment (NUREG 0360)  
about making the containers that hold  
the Plutonium being shipped over our  
state safer, because Plutonium is  
Deadly and can cause cancer  
Alaska is a beautiful state and I  
don't think that people should take  
the chance of destroying it.

Sincerely  
Amy Atkins
