OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Docketing
US Nuclear Regulation Commission
Washington, D.C. 20555

Dear Sir,
I am the Secretary
Munkher's proposal, - is proposal
number **0360**. I think it
is a good thing for our sector
to bring up something like
this because Alaska has a lot
of resources that could be
depleted by the plutonium.
Please take my letter with
consideration because I care about
our state.

Sincerely,

Douglas A. Messer
