OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Docketing & Service Branch
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Sir:

I agree with Senator Murkowski's
amendment (NUREG C360) about the
plutonium that should be kept in
very protective containers, just in case
of the plane crashing and contaminating
everything for thousands of years.
Thanks for your concern.

Sincerely,

Jamie Smith
