Ladies and Gentlemen:

Re: Alaska Radioactive Material License No. 50-21238-01

This letter updates information regarding the dosimetry program for the Alaska Radioactive Materials program of Harding Lawson Associates.

Beginning with quarter July 1 through September 30, 1989, a new dosimetry program will be in effect. The program will now use Thermoluminescent Dosimetry (TLD) badges with fast neutron dosimeter provided by Tech/Ops Landauer, Inc., monitoring gauge operators on a quarterly basis. All employees currently operating gauges under the Alaska License are included in the dosimetry program.

If you have any questions or comments regarding this change from monthly film badges to quarterly TLD badges, please do not hesitate to contact the Alaska RSO, Mike Fitzpatrick at 907/563-8102 or me at the number given below.

Yours very truly,

HARDING LAWSON ASSOCIATES
