An amendment to our current NRC License is requested as indicated below:

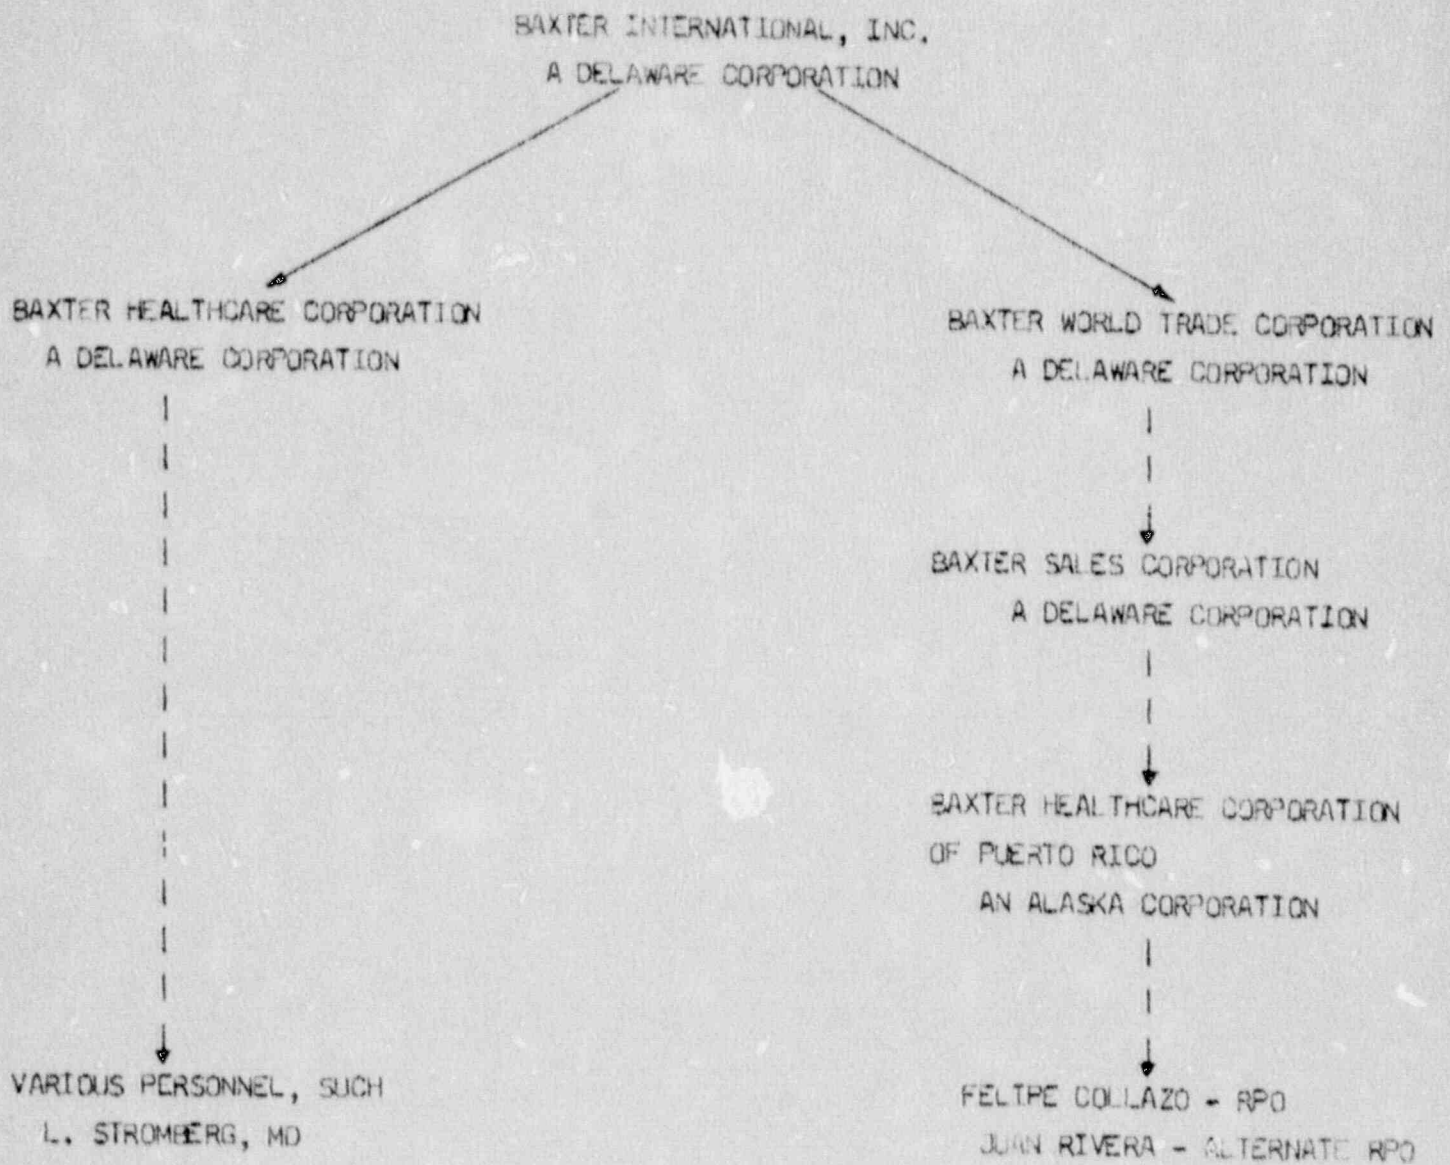

1. Radiation Protection Officers and Organizational Structure

The license currently indicates José Maldonado, Radiation Protection Officer. Fermín Ríos is listed as an Alternate Radiation Protection Officer. Due to recent, but unrelated resignations, we wish to remove Messers José Maldonado and Fermín Ríos from the positions of Radiation Protection Officer and alternate Radiation Protection Officer respectively, for the Baxter Healthcare Corporation of Puerto Rico gamma irradiator.

To cover these positions, it is requested that Felipe Collazo and Juan Rivera be authorized as Radiation Protection Officer and Alternate Radiation Protection Officer, respectively. Mr. Collazo has completed more than three(3) months of hands on experience in the operation of the Gamma Irradiator and attended a five(5) days instruction course in Radiation Safety in Industrial Irradiator Operations offered by the Canadian Irradiation Center, a cooperative project between AECL and the University of Quebec. Mr. Collazo is an authorized operator for the Aibonito Irradiation Operations. Mr. Rivera is an Authorized Irradiator operator since June 20, 1984, and is duly trained and experienced in the operation and safety procedures of the irradiator unit at Aibonito. La wayne Stromberg, MD will continue to serve as Radiation Protection Officer and Consultant to Baxter Healthcare Corporation of Puerto Rico. This structure is indicated in Attachment I. The resumes detailing the experience and instruction received by Messers. Collazo and Rivera are indicated in Attachment II.

José Maldonado will continue to be available on a consulting basis in order to assure an orderly transition. However, due to his departure scheduled for April 14, 1989 we kindly request your expeditious attention to this matter.

A check for the amendment fee of \$230.00 is enclosed, as required per 10CFR170.31, Category 3G.

Please call José Maldonado at (809)735-8021 or Mr. Raymond T. Murphy, Esq., at 312-948-4952, should you require any additional information.

Sincerely,

Rafael Díaz
Plant Manager
