Attention: H. L. Price, Director  
Division of Civilian Application

Dear Sirs:

We are sending you under separate cover for filing one original and six conformed copies of Amendment #3 to our License Application dated June 29, 1956 (Docket No. F-29).

With this amendment we are also sending you seven ring binders which are designed to contain Part B (Technical Information - Preliminary Hazards Summary Report) of the amended License Application. The binders which you already have will, therefore, be used for Part A (General Information).

Since this filing includes a number of new pages for Part A, we assume that you will transfer these pages to the proper binder, although they will be sent to you within the new binder for Part B.

It will be appreciated if you will acknowledge receipt of this amendment.

Very truly yours,

YANKEE ATOMIC ELECTRIC COMPANY
