Gentlemen:

Subject: Combined Inspection Nos. 50-317/80-22 and 50-318/80-18

This refers to the routine inspection conducted by Messrs. R. Architzel and C. Callahan of this office on November 1-30, 1980, at Calvert Cliffs Nuclear Power Plant, Lusby, Maryland of activities authorized by NRC License Numbers DPR-53 and DPR-69 and to the discussions of our findings held by Mr. Callahan with Mr. L. Russell and others of your staff at the conclusion of the inspection.

Our inspector also verified the steps you have taken to correct the items of noncompliance brought to your attention in our letter dated April 22, 1980, and in our letter of July 25, 1980 (Appendix A (Item D) and Appendix B). We have no further questions regarding your actions at this time.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must be accompanied by an affidavit executed by the owner of the information, which identifies the document or part sought to be withheld, and which contains a statement of reasons which addresses with specificity the items which will be considered by the Commission as listed in subparagraph (b) (4) of Section 2.790. The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
