In the Matter of:
CONSUMERS POWER COMPANY
(Big Rock Point Nuclear Plant)

Docket No. 50-155 OLA
(Spent Fuel Pool Extension)
June 30, 1981

ORDER
(Granting NRC Staff Additional Time)

On June 26, 1981 the NRC Staff requested this Board to grant until July 20, 1981 to answer Intervenor Christa-Maria's "Request for Preparation of Environmental Impact Statement", should we grant Licensee an extension of time. We did grant Licensee's motion for an extension without waiting for responses, because of the motion's exigency. Staff's argument that it should be allowed an additional five days is well taken.

For good cause shown it is this 30th day of June, 1981

ORDERED

That the NRC Staff is granted an extension until July 20, 1981 to answer the Intervenor's request .
