Subject: License Amendment

Dear Ms. Wright:

This is a request to amend our license XSNM-1045 to include twelve (12) additional regions of nuclear fuel for Jose Cabrera nuclear power plant located in Zaira, Spain. This will be in addition to the amendment requested in our letter ICS-7508 dated August 31, 1978.

We expect to ship this material in the form of uranium dioxide sintered pellets encapsulated in sealed fuel rods and assembled into fuel assemblies.

Additional quantities to be shipped will be 2513.123 Kgs. U-235 contained in 71803.56 Kgs. Uranium enriched up to 3.72 w/o.

Total quantities to be shown on the new revision will be 3696.123 Kgs. U-235 contained in 105376.56 Kgs. Uranium enriched up to 3.72 w/o.

We expect this material to continue shipping through December 1996 at the rate of one shipment of one region of fuel each year.

Should you need any additional information regarding this request, please contact me at (412)-373-4733.

Yours truly,
