MEMORANDUM FOR: Ross A. Scarano, Chief  
Uranium Recovery Licensing Branch  
Division of Waste Management

FROM: John J. Linehan, Section Leader  
Operating Facilities Section I  
Uranium Recovery Licensing Branch

SUBJECT: ROCKY MOUNTAIN ENERGY CORPORATION APPLICATION FOR A  
COMMERCIAL IN SITU; CASE COMPLETE (04008721N01E&S)

By letter dated May 19, 1981, Rocky Mountain Energy Corporation withdrew its application for a commercial scale in situ operation at its Nine Mile Lake site. The staff completed a draft of a DES on the proposed operation several months ago and was awaiting additional information and supporting data on aquifer restoration from RMEC to complete the DES. The staff had completed its review of all information submitted to date on the project by RMEC prior to the withdrawal notification. Any future work on the project would require submittal of a new application by RMEC.
