Director of Nuclear Reactor Regulation  
Attn: Walter P. Haass  
Chief of Quality Assurance Branch  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Gentlemen:

Ref: Letter, C. J. Heltemes, Jr. to J. L. Williams, October 27, 1977,  
Subject: NRC Acceptance of Portland General Electric Company's  
Topical Report on Quality Assurance (PGE-8003, Revision 2)

The above-referenced letter advised Portland General Electric Company that organizational changes which do not affect the Nuclear Projects Quality Assurance Program for Design, Construction, and Preoperational Testing are to be submitted to the U. S. Nuclear Regulatory Commission no later than 30 days after announcement.

This will advise you of a Portland General Electric Company organization change which is described in the attached PGE information release. This change has no significant impact on the above-referenced Topical Quality Assurance Program. The change will be incorporated into the PGE organizational structure description in Section 1.0, Organization, of PGE-8003 with the next technical revision.

Should you have any questions regarding this organizational change, please contact me.

Sincerely,

Bart D. Withers  
Vice President  
Nuclear
