Chase Stephens, Chief
Docketing and Service Branch
Office of the Secretary
U.S. Nuclear Regulatory Commission
Washington, DC 20555

In the Matter of General Electric Company
(Vallecitos Nuclear Center - General Electric Test Reactor,
Operating License No. TR-1)
Docket No. 50-70
(Show Cause)

Dear Mr. Stephens:

Enclosed are three copies of the following Staff exhibits which were received into evidence during the hearings which were held from May 27 to June 10, 1981 in the GETR Show Cause proceeding, but for which copies were not available:

- 1) Staff Exhibits 5A and 5B (received into evidence at Tr. 1770); copies of photographs of trench T-1;
- 2) Staff Exhibit 6 (received at Tr. 1770); colored copies of plates 1-11, figure 13 of Appendix B of Staff Exhibit 1.B.
- 3) Staff Exhibit 7 (received at Tr. 1770); a photocopy of a log of trench T-1, with notations.

Also enclosed are two additional copies of Staff Exhibits 1.A., 1.B., 1.C., 1.D., and 2 (received at Tr. 993). Exhibits 1.A.-D. are the four components of the Staff's safety evaluation report for this proceeding, with cover letters dated September 27, 1979, May 23, 1980, October 27, 1980, and January 15, 1981, respectively. Exhibit 2 is a copy of the ACRS letter dated November 12, 1980. A copy of each of these exhibits was previously sent to May Alice Cotter of Alderson Reporting Co., who had indicated to me that only one copy of that exhibit was necessary to file.
