Dear Mr. Alday:

This letter confirms the information provided in our telephone conversation today.

The written re-examination for plant-wide operator candidate, Robert J. Miller, will be given at 8:30 a.m. on Tuesday, July 28, 1981. Because of his favorable results of the walk-thru exam on March 26, 1981, Mr. Miller will be exempt from that part of the examination.

Sincerely,
