Division of Waste Management, 461-SS, Washington, D. C. 20555

From: ~~Associate~~ State Director, Wyoming

Subject: Response to NOI and Environmental Report for Teton Exploration
Drilling Company - Leuenberger Project - Converse County, Wyoming
(NRC Docket No. 40-8781)

Based upon a field office review of an advanced copy of the environmental report prepared by Teton Exploration for the proposed project, we do not foresee a need to be involved any further with this project.

Thank you for your cooperation and assistance in helping us to determine our level of involvement. We retract our request to be a cooperating agency, but would like to review the draft environmental analysis document when it is released. Please also extend our thanks to Teton Exploration for their responsiveness and help.
