Dear Mr. Morisi:

The Commission has issued the enclosed Order confirming your commitments for TMI related requirements for the Pilgrim Nuclear Power Station, Unit 1. This Order is based on your letters dated December 15, 1980, January 5 and 22, and February 11 and 27, 1981, to implement those requirements set forth in NUREG-0737 for which the staff requested completion before June 30, 1981. Explicit statements of these requirements are set forth in the Attachment to the Order.

It is the Commission's intent in issuing this Order to encourage the completion of items consistent with the staff's recommended schedule. However, certain of your proposed schedule exceptions are acceptable. Therefore, you should proceed with implementation of these items in accordance with your proposed schedule. Your proposed technical and schedule exceptions for other items contained in NUREG-0737 will be the subject of future correspondence.
