Re: SUA-1358

Dear Mr. Gillen:

Enclosed is one copy of the four-volume Archeology Report on the 1979 excavations at White Mesa. As I indicated to you on the telephone, we received only two copies of this report from the contractor (Utah Historical Society). Apparently, there was no requirement to forward any copies to the NRC, and provisions were not made for this initially.

At this time, it would be quite a task to reproduce this report in ten copies for official submittal to the NRC. Therefore, we trust you will accept this one copy as fulfilling any requirement that you may have.

Let me know if I may be of further assistance in this matter.

Sincerely yours,

C. E. Baker
