WASHINGTON, D. C. 20555

MAR 23 1981

ARMY, DEPARTMENT OF THE
AMMUNITION EQUIPMENT OFFICE TOOELE
TOOELE UT 84074

43-14070-01

Gentlemen:

In our letter of November 25, 1980, we noted that your transportation activities may not be in accordance with 10 CFR Part 71.

Please indicate in the appropriate box below the status of your transportation activities and return to me within thirty (30) days from the date of this letter.

Sincerely,

Charles E. MacDonald, Chief
Transportation Certification Branch
Division of Fuel Cycle and
Material Safety, NMSS

We do not deliver to a carrier for transport licensed material in excess of 20 Ci per package.

We already have an NRC approved QA program, approval number _____.

An application for approval of a QA program and registration for package design(s) have been submitted under separate cover.

Signed: RA Reyer

Position: Actg Director for Ammunition Equipment

Date: 16 Apr 81
